

## Contending for the Renewal of the Central Coast!

Wait... what's contending for renewal, again? Asking for a friend ;)

Contending for renewal involves a **recognition that as the body of Christ**, we are collectively and individually **called to actively participate** in God's mission of **restoration** and **reconciliation** on earth.

**The resumption of our God-given purpose** to partner with God fully, to see the Central Coast realigned with His presence.
