

RENEWAL

a word we've used a lot
this year; it sits within our
shared purpose to
Contend for the Renewal
of The Central Coast. .

**God's cosmic plan is to
'make all things new'.**

Renewal is essentially God's work [*Phew!*], rebirth and re-creation is His method. However, he chooses to use us to partner with Him.

**As believers our role is to be
both 'objects' and 'agents' of
renewal.**

So for us residents of the Central Coast, **let's be intentional about leaning into God's plan to make all things new!**

His plan for renewal within us,
and His plan for renewal
through us.

Because right here is our God-given purpose!

To partner with Him fully, to see the Central Coast renewed according to His will and plan.
